

Cornstarch Slime

Another simple and easy recipe

Materials:

White glue

Cornstarch

Food dye (optional)

Directions:

Measure out $\frac{1}{4}$ cup of glue.

Add in your food dye

Add in $\frac{3}{4}$ cup of cornstarch, mix until it sticks together.

Then pick up mixture and start mixing with hands. Add more cornstarch if needed

And you're done! Keep in an airtight container. Add a drop of glue to refresh the next day if needed
