

Harry Potter Potion Slime

Materials:

½ cup glue

½ tsp baking soda

Food coloring

Glitter (optional)

Contact solution (1 – 2 tablespoons, add more if you feel it needs it)

Directions:

1. Mix together glue, baking soda, food coloring, and anything else you want to add
2. If you want your slime soft you can add in some hand lotion
3. Slowly add in the contact solution and mix together until it begins sticking
4. Use hands to finish mixing
5. Store in a container and give it a fun label
